

PW&A: Recycling Tonnage Diverted from the Landfill

Measurement method:

Add the tons of recyclable materials that do not make their way to the landfill

Why measure?

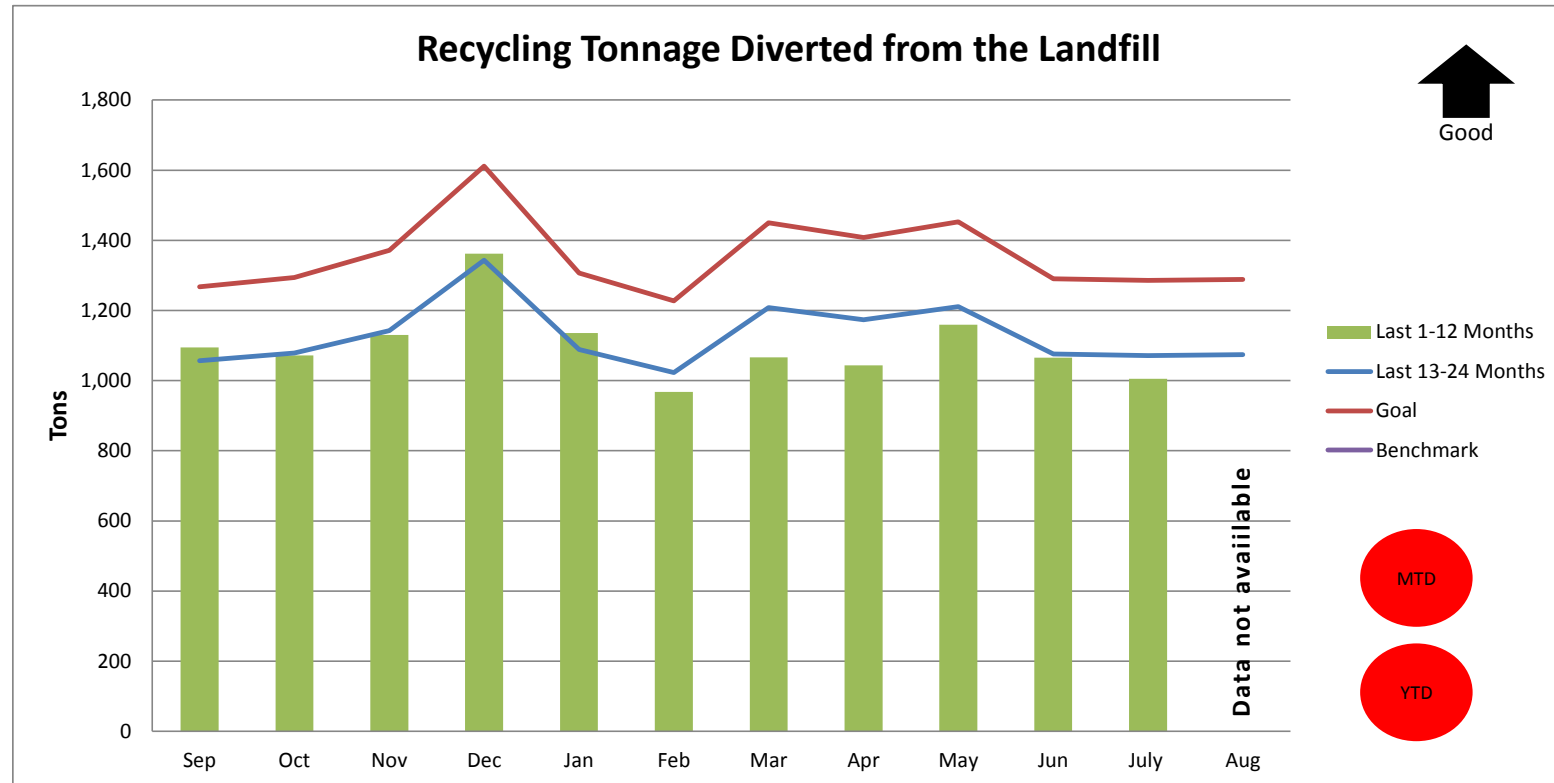

Recycling is a core process of the division of Solid Waste Management Services

What is our goal?

Increase the % of recycling tons diverted from the landfill

How are we doing?

YTD Goal = 16,300 tons; YTD Total = 12,102 tons; YTD Average = 1,100; MTD = 1,006 (in July)
